REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Planned Investment Co., Inc.

We have audited the accompanying statement of financial condition of Planned Investment Co., Inc. (an Indiana corporation) (the Company) as of June 30, 2016, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. Planned Investment Co., Inc.'s management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Planned Investment Co., Inc. as of June 30, 2016 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2016

NOTE 1 - NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Planned Investment Co., Inc. (the "Company") was incorporated in the state of Indiana on September 26, 1969. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and the related expense arising from securities transactions are recognized on a trade date basis.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Concentrations of Credit Risk - The Company is engaged in various trading and brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company's cash is on deposit at two financial institutions, with a significant amount on deposit with one of these financial institutions, and the balance at times may exceed the federally insured limit.

Office Furniture and Equipment - Depreciation is provided using the straight-line method over five and seven year periods.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2016

NOTE 2 - RETIREMENT PLAN

The Company has a profit-sharing plan and a deferred compensation plan commonly referred to as a 401(k) Plan. Under the terms of the plan, employees become eligible on the first day of the month following the date they have completed one year of service (1000 hours in the plan year) and attain age 21. The Company may match employee contributions up to a determinable percentage of an employee's compensation and is permitted to make additional discretionary contributions. Company matching and additional contributions to the 401(k) Plan for the year ended June 30, 2016 were \$52,884. This amount is included in commissions, other compensation and related benefits on the statement of income.

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At June 30, 2016, the Company's net capital and required net capital were \$377,637 and \$50,000 respectively. The ratio of aggregate indebtedness to net capital was 31%.

NOTE 4 - RELATED PARTY TRANSACTIONS

Through common ownership and management, the Company is affiliated with George B. Steel, Jr. and Associates, Inc., a life insurance agency. The two companies share office space and other administrative services.

Through common ownership and management, the Company is also affiliated with Hoosier Trust Company, a State of Indiana chartered trust company. For the year ended June 30, 2016, the Company earned \$31,895 in advisor fees from accounts held at Hoosier Trust Company

PLANNED INVESTMENT CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2016

NOTE 5 - LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The borrowings under subordination agreements at June 30, 2016, are as follows:

Liabilities Pursuant to a Secured Demand Note

Collateral Agreement:

5%	Expires February 28, 2019	\$ 50,000
5%	Expires February 28, 2019	<u>50,000</u>

Total Subordinated Liabilities \$ 100,000

The subordinated borrowings are covered by agreements approved by FINRA and are thus available in computing net capital under the Securities and Exchange Commission's Uniform Net Capital Rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid. Both subordinated lenders are related parties of the Company.

NOTE 6 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company's customers may enter into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include exchange-traded and over the counter options. These derivative financial instruments are used to meet the needs of customers and are subject to varying degrees of market and credit risk. Since the Company enters into the aforementioned transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to these derivative and other off-balance sheet financial instruments, as mentioned hereafter.

PLANNED INVESTMENT CO., INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

YEAR ENDED JUNE 30, 2016

NOTE 6 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT- *(Continued)*

In order to facilitate securities transactions, including the aforementioned transactions, the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby that Clearing Broker/dealer will execute and clear securities transactions for the Company on a fully disclosed basis. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer.

The customer accounts are therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. The Company has deposited \$25,000 with the Clearing Broker/dealer to assure the Company's performance under the agreement and this amount is included in "Receivable from broker/dealers" on the statement of financial condition. The agreement also states that the Company may not have any similar agreements with other broker/dealers, except to accommodate transactions not covered by this agreement. Either party may terminate the agreement, without cause, by giving 90 days prior written notification and either party may terminate immediately with cause, as defined in the agreement. Other terms of the agreement put restrictions on one party hiring the other party's employee(s) without written consent of the contra party.

Additional provisions of the agreement state that the Company is to be held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The total amount of minimum rental payments due over the original lease period is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid is credited or charged to deferred rent obligation which is included in "Accounts payable, accrued expenses and other liabilities" on the statement of financial condition.
